Guidelines

- 1 Avoid unnecessary contact with food items to prevent contamination.
- 2 If food has gone bad or packaging has been opened, please throw it away.
- 3 Please make sure every item has an expiration date or use by date. Discard expired food.
- 4 If donating pre-made meals, please list the ingredients and date prepared.
- 5 Please put new donations towards the back of the shelves so that food gets eaten in the order it is donated.
- 6 If you notice or cause a spill, please clean up after yourself whenever possible.
- 7 If you notice something needs cleaning or maintenance, please get in touch via email.
- 8 Please make sure your hands are clean before accessing anything.
- 9 Please do not donate something you wouldn't personally consume.

* Although we have put in place precautions to safeguard the hygiene and quality of all items in these community fridges, risk of food contamination is not zero. Users take food at their own risk and LittleFreeFridgeville and their volunteers and partners are not responsible for any harm caused to the fridge user in the event of produce being contaminated.
